VERSION OF AMENDED CLAIMS WITH MARKINGS

1. (Amended) A method comprising:

enabling an administrator to define a plurality of clinical trial parameters through filling out fields in a set of computer forms;

storing the clinical trial parameters in a central database;

enabling clinical trial site personnel to enter subject enrollment data corresponding to at least one clinical trial defined by the clinical trial parameters via an Internet web portal;

storing the subject enrollment data in the central database substantially as it is entered in time; and

generating a chart displaying selected data aggregated from the subject enrollment data to graphically portray subject enrollment attributes pertaining to a selected clinical trial from among said at least one clinical trial.
